

Annex A to Schedule 1

Transport On-Demand Driver Notice

You are receiving this notice (this “**Driver Notice**”) because the entity that employs you (or contracts for your services, as applicable, your “**Contracting Entity**”) has entered into an agreement with Moovit App Global Ltd. or one of its affiliates (“**Moovit**”) or one of Moovit’s partners authorized to engage subcontractors in order to use Moovit’s Transport On-Demand system, including its Dispatch Dashboard (the “**Solution**”). The Solution enables the provision of on-demand transportation services. You are being asked to provide transportation services as a driver via the Moovit Driver App (the “**App**”) which is part of the Solution.

PLEASE READ THIS DRIVER NOTICE CAREFULLY BEFORE TAKING ANY FURTHER ACTION REGARDING THE SOLUTION OR THE APP. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS (available at: <https://moovit.com/drive-app-terms>) AND THE PRIVACY NOTICE (available at: <https://moovit.com/drive-app-privacy-policy>) IN THE APP (COLLECTIVELY, “**TERMS**”), YOU MAY NOT USE THE APP OR ANY PART OF THE SOLUTION, AS APPLICABLE.

1. Using the App as a Driver. Your Contracting Entity has been provided with a random anonymous serial number that will serve as your unique driver identification within the Solution (“**Driver ID**”). If the App has not been preinstalled on a dedicated device owned by your Contracting Entity, you will be required to install the App on your personal mobile device, in which case your Contracting Entity will send you a message with a direct download link. Once assigned your Driver ID by your Contracting Entity, if you wish to use any part of the Solution, you must do the following:

1.1. Follow the link in the message to download the App onto a single mobile device that you own or have authorized access to.

1.2. Carefully review and accept the Terms (the documents can be accessed at: <https://moovit.com/drive-app-terms>, and <https://moovit.com/drive-app-privacy-policy>).

1.3. After accepting the Terms, you may then log in to the App using your assigned Driver ID.

2. Notice Regarding the Terms. We are providing this Driver Notice to make you aware of the following:

2.1 The Terms implicate your legal rights, so you should be sure to read and understand them. If you have any questions regarding them, please contact your Contracting Entity or Moovit at support@moovit.com.

2.2 With respect to information collected via the App or the Solution that may identify you personally (“**Driver Data**”), your Contracting Entity, and not Moovit, is a data controller for purposes of compliance with the requirements of applicable data protection laws in the country in which you provide transportation services (“**Privacy Laws**”). Notwithstanding the foregoing, in the event Moovit and your Contracting Entity are deemed to be joint data controllers with regard to Driver Data, Moovit and your Contracting Entity shall apportion data protection compliance responsibilities between one another for purposes of compliance with applicable Privacy Laws.

YOUR ACCEPTANCE OF THE TERMS AND USE OF THE APP WILL BE DEEMED YOUR EXPRESS CONSENT TO THE COLLECTION, TRANSMISSION AND USE OF YOUR PERSONAL DATA BY THE APP AND MOOVIT AS DESCRIBED IN THE TERMS.
